Declaration

I hereby declare that this internship report is based on the work carried out by me during my internship at UMMAT FOUNDATION. The contents of this report are original and prepared for academic submission as part of my B.A. LL.B. programme at GLS University.

Acknowledgement

I express my sincere gratitude to UMMAT FOUNDATION for providing me with the opportunity to undertake this internship. I am thankful to the members of the organisation for their guidance and support throughout the internship period. I also thank GLS University for encouraging practical learning experiences.

Chapter 1 – Introduction

Internships provide students with practical exposure to real-world working environments. As a law student, this internship helped me understand social welfare initiatives and the role of non-governmental organisations in addressing community needs. The internship was completed from 1 May 2026 to 30 May 2026.

Chapter 2 – About the Organisation

UMMAT FOUNDATION is a social welfare organisation engaged in community service and humanitarian activities. The organisation works towards helping underprivileged individuals through relief activities, food distribution programmes, and community support initiatives.

Chapter 3 – Project Undertaken

During the internship, I was assigned responsibilities related to fund-raising activities and distribution of food packets to people in need. I assisted in coordinating outreach efforts, understanding beneficiary requirements, and supporting the execution of welfare activities.

Chapter 4 – Reflection and Analysis

The internship provided valuable insight into grassroots social work. I observed how NGOs identify community needs, mobilise resources, and implement welfare programmes. The experience improved my communication, teamwork, and organisational skills.

Chapter 5 – Learning Outcomes

Through this internship, I learned the importance of social responsibility, community engagement, resource management, and effective communication. The experience also strengthened my understanding of the practical challenges faced by NGOs.

Chapter 6 – Conclusion and Suggestions

The internship was a meaningful learning experience. It enhanced my awareness of social issues and demonstrated the positive impact that dedicated organisations can create. Continued outreach programmes and volunteer engagement can further strengthen community impact.
